Welcome to Pearson's *Active*Learn World!

*Pearson Active*Learn *is a platform that makes reading fun, aiming to make children love reading. Besides, it is an instructional material that also provides enjoyable activities and games for Mathematics and Science.*
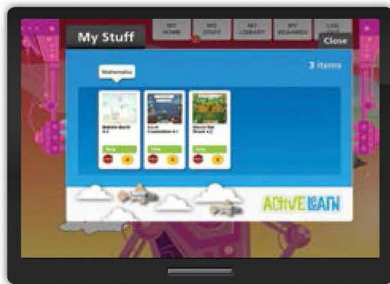

*By attracting children's attention with its vivacious main page and varying educational games, Pearson Active*Learn *makes doing homework enjoyable. Thanks to its richness of contents, children can do more activities via single application.*

Logging in the Platform

*Your child can log in to the Pearson Active*Learn *platform with username, password, and school id information through* www.activelearnprimary.co.uk *web address.*

Pupil Home

When logging in to the platform, Pupil Home (student main page) opens. Children can personalise their pages by selecting one of the different backgrounds.

My Stuff

On My Stuff page children can see the assigned books.

My Library

This is the page where old resources, already read books, and completed activities are stored.

My Rewards

My Rewards is the page that allows children to choose their rewards. Your children can personalise their avatars and play games on this page. The more they read books and complete activities, the more they are allowed to play games and earn rewards.
